Priority Date: None  
Attorney Docket No.: RLL-313US  
For: OXAZOLIDINONE DERIVATIVES AS  
ANTIMICROBIALS

COMMUNICATION

This communication is issued in response to the unsigned facsimile communication by "Kim Campbell" filed in the United States Patent and Trademark Office on 17 December 2007.

Because the communication has not been signed by a registered practitioner, as required under 37 CFR 1.33, it will be placed in the application with no further action taken thereon. However, the communication states "[t]he response to Missing Requirements was mailed via Express Mail on January 19, 2007." A review of the application file reveals that the response allegedly filed on 19 January 2007 is not located in the application file. Counsel may wish to file a petition to withdraw holding of abandonment under 37 CFR 1.181 and a postcard receipt evidencing receipt of the oath/declaration in the United States Patent and Trademark Office on 19 January 2007.

This application remains abandoned with respect to the United States.
